

BABE'S GARLAND: FUN FACTS

- ★ **WELCOME TO BABE'S GARLAND - WITH A LITTLE EXTRA TEXAS FLAVOR**
That Fire Truck Out Front ain't just for show, y'all! She's a genuine 1976 International that used to serve the fine folks of Sherman, Texas. These days, she's got herself a new career with the TDOCC (Texas Department of Chicken Control) – and before you ask, yes that's a real thing down here! Want to know more about her chicken-chasin' adventures? Just holler for TDOCC document 89912.233ea from your server or any of our other fine representatives.
- ★ **THAT SWORD FISH ON THE WALL HAS QUITE THE TALE TO TELL!**
She was donated by one of our regular customers from Roanoke, Texas – a fellow who knows good fish and even better barbecue.
- ★ **NOTHING GOES TO WASTE IN TEXAS, ESPECIALLY WHEN IT'S GOT CHARACTER.**
Those Schoolhouse Lights hanging above your head came from the now-closed Pontchartrain Restaurant. We figured they'd seen enough good meals to know how to set the mood for more! Speaking of the Pontchartrain – we've got several of their tables and some of their exterior doors too.
- ★ **EVERY TABLE AND CHAIR IN THIS PLACE HAS A STORY!**
They've all wandered in from other restaurants and homes across Texas, like a family reunion of furniture that decided to stay put and serve some good food.
- ★ **BUILT IN THE 1930S, THOSE LIGHTS HAVE SEEN MORE HOMEWORK THAN A SUBSTITUTE TEACHER!**
The Cashier's Light and Porch Lights (plus our restroom and hours sign) came all the way from Stonewall Jackson Elementary on Mockingbird Lane in Dallas.
- ★ **THOSE "BULL" HORNS AREN'T FROM ANY ORDINARY BULL**
Nope! They're from African Watusi cattle, and they were mounted over 75 years ago near Fredericksburg, Texas. That's some serious Texas history hanging right there!
- ★ **WILDFLOWER FIREWORKS**
Now, Bluebonnets aren't the only Texas blooms that put on a show worth bragging about. Right here in Garland, we're famous for our signature "firewheel" – a wildflower that lights up the area every spring and summer like nature's own fireworks display.
- ★ **OUR HONEY IS PURE TEXAS GOLD**
TEXAS BRUSH HONEY made by bees who know their business. These busy little ladies visit Catclaw, Mesquite, White Brush, Huajillo, and Persimmon flowers. Should be just the ticket for anyone dealing with local allergies, and it tastes like Texas sunshine in a jar.
- ★ **DON'T LEAVE WITHOUT TRYING OUR BISCUITS!**
The grand finale that started it all - Every meal comes with a dessert of homemade biscuits served with butter, honey, and sorghum - the kind of country dessert we grew up eating and still dream about. Now, that SORGHUM sitting in the jar on your table (the one that isn't honey) is a whole different animal. It doesn't pack the strong bitter punch of molasses, but it's got its own sweet personality that'll make your taste buds sit up and take notice. Trust us, once you've tried our biscuits with that golden sorghum, you'll understand why folks have been driving from counties away just to get their hands on them!
- ★ **SORGHUM? MORE LIKE, SORGHYUM!**
(that's the jar on your table that isn't honey) is sweeter than a Georgia peach and doesn't have that strong, bitter bite of molasses. Think of it as molasses's better-behaved cousin.

COME FOR THE FOOD, STAY FOR THE STORIES, AND LEAVE WITH A BELLY FULL OF TEXAS

"DON'T TRY AND TEACH A PIG TO SING. IT WASTES YOUR TIME AND ANNOYS THE PIG."

"NO DAN(C)IN' ON THE TABLES AND NO SPITTIN' ON THE FLOORS!"
