We Love Being Different From Other Restaurants.  
We Hope You'll Love It Too!

Have you ever told your family what you'd do different if you opened a restaurant? Grandma's recipes, Friendly people. Well, that's exactly why we opened Babe's Chicken Dinner House. We wanted a sit-down restaurant where people really feel at home. Babe's is a casual place where you'll feel comfortable in your blue jeans or cutoffs.

Where your neighbors wait on you and your whole family. We put our money in our food, not in a freeway location or fancy decor. Since we don't advertise a lot, we kind of depend on our customers to get the word out. So bring the kids and bring Aunt Hazel, but leave that dog at home. And come hungry, cause you won't believe how far your money will go!

# BABE'S CARROLLTON RESTAURANT FACTS

➤ While the date of construction is uncertain, in 1911 this location was a Lyon-Gray Lumber yard. It later became a Foxworth-Galbraith lumber yard sometime around the 1930's.

➤ The "Coop" dining room is an old lumber storage building, usually with the side open to store lumber. We simply closed it in and made it a private dining room.

➤ The railroad track to the East of Babe's was laid down for the Katy Railroad (the Missouri, Kansas and Texas railroad, also called the Katy). By 1908, three major railroads intersected just North of the Carrollton Towne Square (now just past Beltline): the Katy, the Cottonbelt (Dallas-Wichita) and the Frisco (St. Louis-San Francisco) railroads. Having three railroads intersect was unique and contributed to Carrollton's early prosperity.

➤ The large front gate doors (Main Street entrance) are antiques from Morocco.

➤ In 1913 the first Ford dealership in Dallas County was established across the street in the large Jackson-Miller building, on the South East corner of Broadway and Main.

➤ The white refrigerator in the dining room is a 1950's Friedrich Floating Air Refrigerator, built in San Antonio.

➤ The wood you see inside the restaurant and on the patio is Red Cedar, brought in from Ingram and Johnson City, in the Texas Hill Country. Cedar is known for its resistance to moisture, decay and insect damage.

➤ On the patio is part of a 56' Chevy pickup that's been converted into a handy bench seat. The hanging lights inside the dining room came from an old school house on Mockingbird Lane in Dallas.

➤ Our Honey is TEXAS BRUSH HONEY made from bees visiting Catclaw, Mesquite, White Brush, Huajillo and Persimmon. This should be good for local folk's allergies.

➤ A dessert of homemade biscuits with butter, honey and sorghum comes with your meal. This is a typical country dessert we grew up eating. SORGHUM (the jar on the table that isn't honey). Sorghum does not have the strong bitter taste of Molasses.
